

STATE OF NEVADA

Department of Conservation & Natural Resources

DIVISION OF ENVIRONMENTAL PROTECTION

Brian Sandoval, Governor

Leo M. Drozdoff, P.E., Director

Colleen Cripps, Ph.D., Administrator

NOTICE OF PROPOSED ACTION

Web Posting Date: 07/29/11

The Administrator, Division of Environmental Protection, Carson City, Nevada is issuing the following notice of proposed action under the Nevada Revised Statutes and the Federal Clean Water Act. The Administrator has received an application for issuance of a new National Pollutant Discharge Elimination System (NPDES) Permit, Permit # NV0024040, from the following applicant:

**D & J Holdings LLC
295 Sparks Boulevard
Sparks, Nevada 89434**

The Applicant owns the Convenience Corner Shell, located at the corner of Sparks Boulevard and E. Lincoln Way, Sparks, Washoe County, Nevada. Groundwater below the site has been impacted with petroleum hydrocarbons and methyl tert butyl ether (MTBE). Groundwater remediation is accomplished using a Dual-Phase Extraction (DPE) System, which treats soil vapor and impacted groundwater. The water treatment system includes a sediment filter and three aqueous phase GAC absorbers in series, which remove petroleum hydrocarbons and MTBE from the impacted groundwater. Treated groundwater meeting water quality standards is to be discharged to the Truckee River via the City of Sparks storm drain system.

The Applicant has requested a 30-Day Average flow limit of 15 gpm, and a Daily Maximum flow limit of 25 gpm. Based on a review of the NPDES permit application, the Division has made the tentative determination to issue the NPDES permit for a period of five (5) years.

Persons wishing to comment upon or object to the proposed determinations by the Administrator regarding the issuance of the permit, or to request a hearing pursuant to the Nevada Administrative Code, Water Pollution Control, should submit their comments or request, in writing, within thirty (30) days of the date of newspaper publication, hand-delivered or postmarked no later than **5:00 P.M. on August 31, 2011**, either in person or by mail to:

**Department of Conservation and Natural Resources
Division of Environmental Protection
Bureau of Water Pollution Control
901 S. Stewart Street, Suite 4001
Carson City, Nevada 89701**

Comments and/or hearing requests received via facsimile or e-mail before **5:00 P.M. August 31, 2011** will also be accepted. All requests for hearings must indicate the interest of the person filing the request and the reason(s) why a hearing is warranted. All comments or objections received within the thirty (30) day comment period will be considered in the formulation of final determinations regarding the application. If written comments indicate a significant degree of public interest in the proposed permit, the Administrator shall hold a

public hearing. The public notice of such hearings will be issued not less than thirty (30) days prior to the public hearing date.

If no hearing is held and the determinations of the Administrator are substantially changed from the tentative determinations, the Administrator will give public notice of the revised determinations. Additional comments and objections will be considered at that time.

The application, proposed permit, comments received, and other information are on file and may be copied or copies may be obtained by writing to the above address or by contacting Janine Hartley, P.E., Bureau of Water Pollution Control at (775) 687-9458, or at jhartley@ndep.nv.gov. The office facsimile number is (775) 687-4684. This notice and the Fact Sheets for these facilities are also available on the NDEP website at www.ndep.nv.gov/admin/public.htm.

Please bring this notice to the attention of those you know who may be interested in this matter.
